- ▶ Easy to use

Committed to vertical filing solutions since 1915

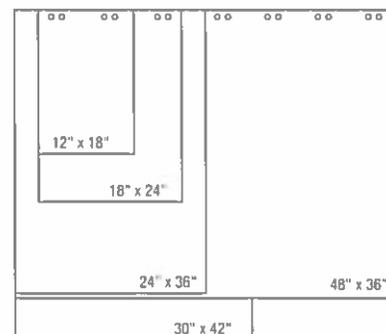

# Ulrich Pinfile

Ulrich Pinfiles are a money-saving, highly productive, easy to use vertical filing system from a name you know and trust. The Pinfile's advanced indexing system and ease of operation have long made it the filing system of choice in Europe. As compared to flat files, it features document protection, convenient waist-high filing and speed of operation with the removal or replacement of individual sheets requiring less than 15 seconds.

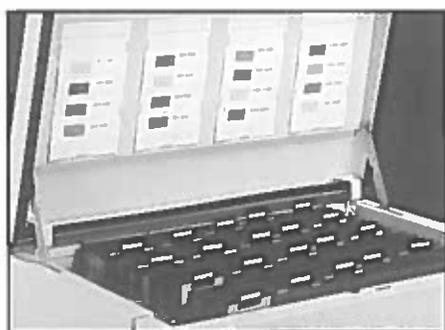

A principle advantage of the Pinfile is its ability to handle a wide array of sheet sizes – whether it's a standard size or a custom size. The Pinfile is available in three sizes and two pin sets to answer virtually any need. A full line of accessories to complement your Pinfile are also available.

See the entire Ulrich product line at [www.ulrichcorp.com](http://www.ulrichcorp.com).

File a variety of sheets in one cabinet

## How it works:

1. Open the cabinet top and use the indexing system to find your drawing.

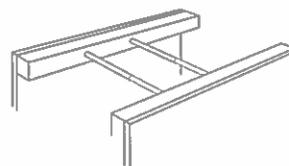

2. Lift the release knob and open the cabinet front until it stops at the reference position; slide the drawing you want to the center of the pins.

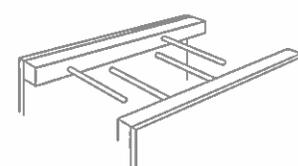

3. Lift the release knob again and open the cabinet front fully. Now simply slide the document off the pins and out either side of the cabinet.

Part Number	Maximum Sheet Size	Active Capacity	Cabinet Dimensions				Approx. Ship Wt.
			Height	Width	Open Depth	Closed Depth	
<b>PARALLEL PIN</b>							
M24	24" x 36"	1200	42 1/8"	34 1/2"	31"	19 1/2"	245 lbs.
M30	30" x 42"	1200	54 3/8"	42 1/2"	31"	19 1/2"	350 lbs.
M48	36" x 48"	1200	42 1/8"	61 1/2"	31"	19 1/2"	390 lbs.
<b>PIN &amp; POST</b>
